

# THE LEADER IN CARWASH SOLUTIONS.

NATIONAL CARWASH SOLUTIONS

# YOUR CONFIDENCE IS OUR PROMISE.

NCS 360™ unites multiple top tier brands to provide a single car wash solution. This unique program rewards operators with convenience, efficiency and financial savings. With quality systems, vacuums, parts, service, chemistry and marketing the NCS 360 program is one solution tailored to meet all of your car wash needs.

FIND MORE PROFITS  
IN OUR SOLUTIONS.

## ***BUNDLED SAVINGS***

We package our systems, cleaning solutions, marketing, training, and professional services together so you get the best products and services money can buy at the very best price.

## ***VOLUME SAVINGS MEAN MORE PROFITS***

Realize even more savings and profits when you move all of your site locations to the NCS 360 program.

## ***LOWEST TOTAL COST OF OWNERSHIP***

We focus on maximizing your profits by lowering your service costs, increasing throughput and delivering money-making solutions to increase your return-on-investment. We promise the lowest total cost of ownership, performance, serviceability and support to guarantee your success.

# TAILORED SOLUTIONS FOR SUCCESS.

## ***NCS 360 BENEFITS THE FOLLOWING:***

### **Retail Car Wash Operator**

Comprehensive end-to-end car wash solutions from in-bay automatic to express tunnels and everything in between for your sites.

### **C-Store**

NCS™ puts the convenience in car washing. This allows you to build profits through your wash while dealing with one source for your car wash needs.

### **Retail Big Box**

NCS understands the retail big box car washing needs to drive store traffic and build profits while dealing with one source for all your car wash needs.

### **Auto Dealer**

Get higher CSI scores and less hassle when you partner with NCS for your dealership car wash needs.

### **Rental Car / Fleet**

Comprehensive end to end including operations at the car wash, QTA and vacuums, equipment systems, cleaning solutions, installation and service.

# QUALITY SYSTEMS

CHOOSE THE LEADER  
IN CAR WASH EQUIPMENT.

From individual components to entire tunnel systems, MacNeil® equipment is built to last. We offer the most reliable car wash equipment in the industry to keep your site running faster, longer and safer. Our extensive line of total wash systems deliver consistent quality and up-time to make you more profitable.

With a full line of high-performance soft touch and touchless car wash systems, Ryko® provides you and your customers with machines that clean better. We are continually updating products and features that help boost your car wash counts, profit margins and return on investment.

**EXPRESS TUNNELS**

**MINI EXPRESS TUNNELS**

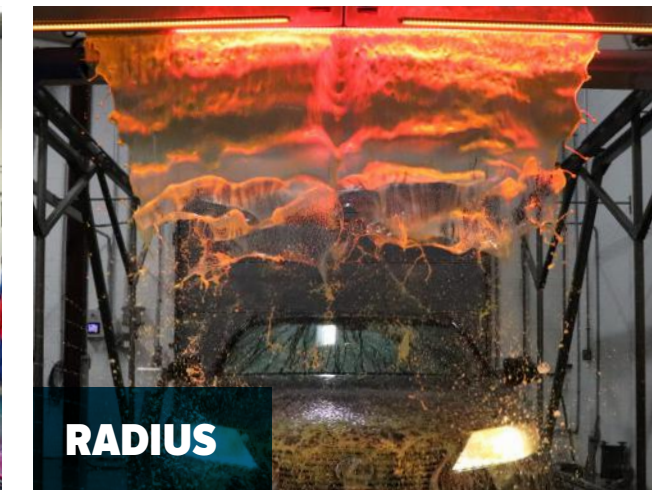

**DRIVE-THROUGH**

**SOFTGLOSS MAXX 5**

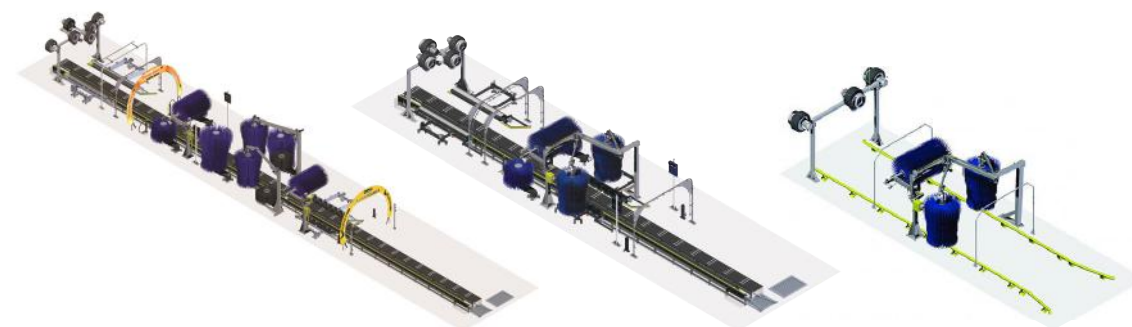

**SOFTGLOSS MAXX 3**

**RADIUS**

Our extensive line of world-class tunnel systems deliver consistent quality and up-time. Day after day operators can count on them to produce clean, shiny cars every time.

- + Incomparable durability, dependability and ease of maintenance
- + Heavy-duty high strength carbon steel frames, stainless steel hardware and bearings
- + Exceptional fit and finish with exclusive 3M™ Pro-Coat long-lasting finish
- + Superior engineering and heavy-duty construction
- + Consistent, long-lasting performance and exceptional quality

**EXPRESS**

**MINI EXPRESS**

**DRIVE-THROUGH**

## THE WORLD'S MOST PROVEN FIVE-BRUSH MACHINE

The SoftGloss MAXX 5 is the industry's most popular five-brush friction car wash. Designed to offer unparalleled quality and durability, this proven machine will raise customer satisfaction levels— and profits—for years to come.

## A SYSTEM THAT IS TWO MACHINES IN ONE

This in-bay wash system offers both touch and touchless options for your customers and higher profit potential for you. The SoftGloss MAXX 3 is a workhorse loaded with technologically advanced features and controls including high-pressure action, FoamBrite wash material, ingenious wheel scrub, LED lighting and customizable options.

## INCREASE REVENUE WITH SUPERIOR WASH QUALITY

Ryko designed the Radius to be easy to use and just as easy to maintain. The Radius uses powerful advanced concepts and spray-pattern designs created to exceed wash-quality expectations, while delivering the superior quality and dependability you expect.

## CLEANING SOLUTIONS

CleanTouch cleaning solutions offer the industry's only comprehensive chemical program with expert car wash solutions, delivery, service and maintenance provided by our national network of knowledgeable, specially trained technicians. Our industry-leading chemical technology is designed for complete car wash success, with maximum vehicle cleaning and the ability to perform in any brand of car wash equipment. All solutions are lab-tested for proper cleaning effectiveness, surface protection, drying efficiency and operative ways to enhance the longevity of your car wash equipment.

### **ONLY CLEANTOUCH OFFERS:**

- + Rapid response distribution and inventory
- + CleanFill Management System
- + Integrated, custom site-marketing programs
- + Eco-friendly formulas blended in-house
- + Hyper-Series super-concentrated formulations
- + Compatible with all competitive brands

## SERVICE & PARTS

We offer the only national direct support network with over 400 factory-trained and locally based service technicians for fast response when you need it. Pick the coverage that's best for your business: premium maintenance, call-in service plans or anything in between. And when you need genuine, high-quality parts, we offer a vast inventory ready for speedy delivery from fully stocked vans, distribution centers and local warehouses all across North America—all to keep your downtime to a minimum.

### **SERVICE PLANS CUSTOMIZED FOR YOU**

Our preventive maintenance plans keep your machines running smoothly and save you money by preventing larger problems and breakdowns. When you need a car wash repair, you can be confident that we'll get your equipment back on track as fast as possible.

### **LOCAL WORLD-CLASS SERVICE**

Nationally, we average a 95% first-time fix rate and 98% service uptime because the more your wash is open, the more money you make. Because of this level of excellence, customers at over 12,000 locations trust NCS Service for their maintenance and repair needs.

### **INDUSTRY-LEADING TECHNICIANS**

Our technicians know the ins and outs of all our systems—and, they're experts in competitive systems too. They go through a rigorous training and certification program only offered by NCS. Plus, we can maintain and fix your entire car wash, including water treatment, tellers, vacuums and virtually anything else your car wash needs to operate.

# COLLEGE OF CLEAN

## NCS | COLLEGE OF CLEAN

In this one-of-a-kind training experience, we'll teach you how to succeed in the car wash industry. We go way beyond theory and in-classroom instruction. Students spend a considerable amount of time in our 10,000 sq. ft interactive facility for hands-on learning and instruction.

With the NCS College of Clean you'll learn the following:

### **BUSINESS & FINANCE**

The business of washing cars is our specialty. We help our customers boost revenue and profit by providing business consultation, financial support, and best practices for operational excellence.

### **OPERATOR LEVEL MAINTENANCE**

Hands-on training teaches you everything you need to know about maximizing your up-time. We'll show you the maintenance basics, light repair and diagnostics.

### **SITE MANAGEMENT**

Each course is taught by general managers and owners of successful, multi-site car wash companies. We'll teach you what you need to successfully operate your car wash.

### **CLEANING SOLUTIONS 101**

This unique course optimizes your chemistry usage through volumetrics, titration, diagnostics and management techniques to maximize profits.

# VACUUMS

Powerful vacuum systems have become synonymous with successful car washes and are an important consideration when planning your site. A well-planned, expertly engineered vacuum system will provide the performance, convenience and speed that build repeat business. Vacutech has earned the reputation as the leader in central vacuum systems for car washes. We are proud to manufacture our products in the USA as we apply more than 100 years of combined experience to design, engineer and build custom central vacuum systems.

# MARKETING

TSS site marketing, arches, displays and signage can promote a superior car wash experience with customers. TSS marketing programs are easy to customize and designed for maximum effectiveness. With a full line of site-specific signs, digital menus, collateral and more, a TSS marketing program will help you increase profits.

# SERVICE SETS US APART

We have over 1,000 passionate people across North America ready to deliver the right products, services and solutions for any challenge. This commitment is built upon valued, lasting partnerships and a dedication to each operator's long-term success.
