OUR SERVICES

One Platform
For All Your Needs

No matter the size of your company, Dominion Systems can assist your business. Whether it's payroll à la carte or an all inclusive HR package that your team is looking for - Dominion offers a variety of services to fit your needs.

With affordable pricing, we not only guarantee satisfaction with our product, but also have an energetic and experienced staff available for friendly guidance, efficient answers, and in depth support. Between our training, professional solutions, and installation teams, you can rest assured you are never alone when it comes time to process.

PAYROLL
Whether your business is big or small, we make payroll simple. Our cloud based software allows you to process payroll from anywhere with an internet connection.

TIME & ATTENDANCE
With various input options, you can collect employees' time however you choose. We offer a seamless import of hours into payroll with our single-source solution.

EMPLOYEE SELF SERVICE
Whether your employees are trying to update their information, access their W2, or simply request time off, ESS is the hub for all things employee-related.

APPLICANT TRACKING
One centralized hub to host cover letters, resumes, and all information pertaining to your hiring process. Our applicant tracking system makes finding qualified candidates simple.

HR & BENEFITS
Invest in the part of your company that really matters, your employees. Track HR info, performance reviews, and employees, all in one place. Simplify open enrollment with our benefits administration portal.

ACA COMPLIANCE
Quickly and intuitively store all relevant ACA information within our ACA reporting feature. We'll even file the appropriate reports with the IRS at year-end.

ONBOARDING
Assign and monitor new hire tasks and ensure a seamless transition from new hire to employee.
