Symbeo

Delivering Enterprise Strength Invoice-to-Pay Automation

Symbeo offers the first enterprise-strength Invoice-to-Pay automation that finally gets the paper out of finance operations and delivers double digit returns.

Human-touch processing and proprietary machine learning technology remove manual invoice and check based payment processes.

Automate the full approval and payment cycle for domestic and international suppliers.

Transform accounts payable with effortless control to make strategic business decisions as your team is freed to focus on value-added tasks.
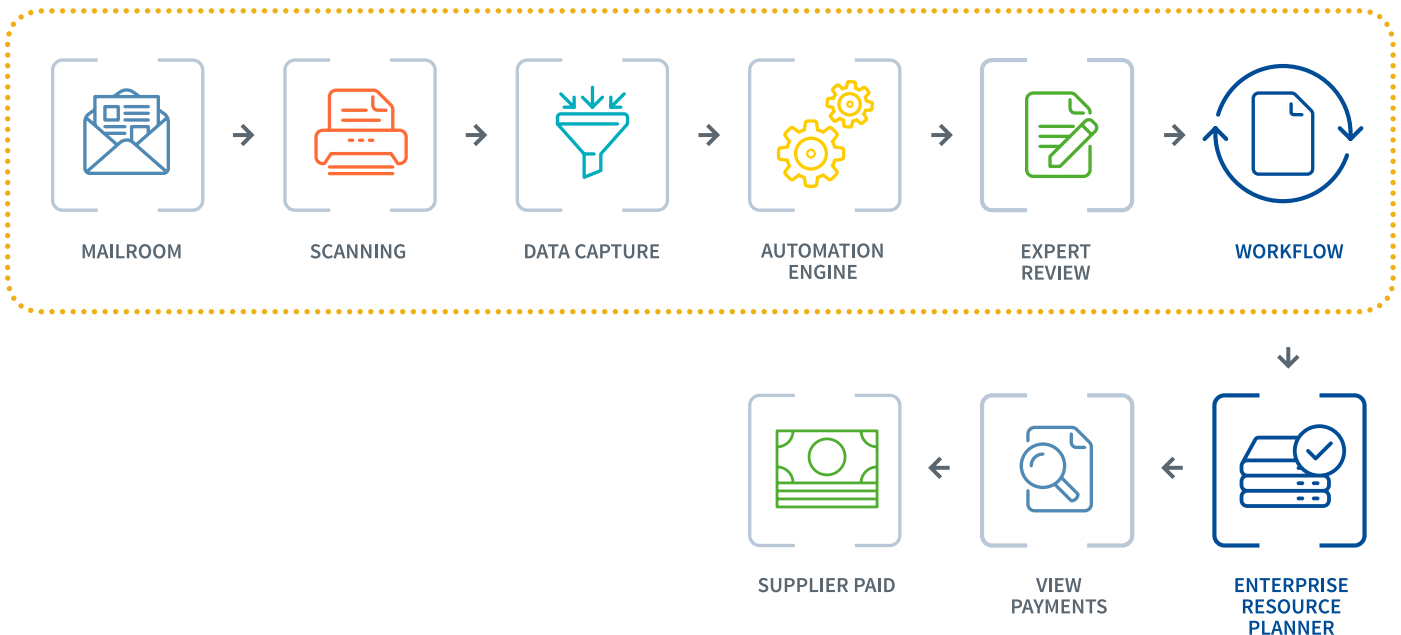

PROVIDES

Optimized payments for all suppliers
Continuous supplier enablement
Centralized, cloud-based solution

BENEFITS

100% paperless AP
80-90% straight-through invoice processing
100% electronic payments

Eliminate in bound supplier invoices and outbound check payments

MANAGED AUTOMATION PROCESS

MAILROOM → SCANNING → DATA CAPTURE → AUTOMATION ENGINE → EXPERT REVIEW → **WORKFLOW**

SUPPLIER PAID ← VIEW PAYMENTS ← **ENTERPRISE RESOURCE PLANNER**
