

## **WCI SERVICES OVERVIEW:**

WCI specializes in substantially reducing waste disposal, utility, and telecom costs on a risk-free, results-oriented basis. **Over 90%** of our clients realize a cost reduction on these line items as a result of our analysis and expertise.

### **Waste and Recycling Expense Review:**

- Solid waste, medical waste and recycling expenses/revenue streams reviewed
- WCI is not a waste hauling company, but rather a waste and recycling cost-reduction company
- Pinpoint where you are currently overspending
- Identify savings options in your local market
- Identify cost recovery and recycling alternatives
- Add an overlay of expertise in ongoing management and control of this increasing expense area

### **Utility Bill Audit:**

- Electricity, gas, and water bills reviewed
- Our team has performed over 3,000 audits in 48 states
- Identify billing errors. Examples include: key punch, meter reading, demand-based, incorrect rate application, incorrect tax, multiplier/constant, incorrect implementation of contract
- Identify savings opportunities. Examples include: alternative tariff/rate, removal of minimum or make-up charge, reduction or removal of tax, reduction or removal of remand ratchet, third party supplier (where applicable), reduction of contractual charges

### **Telecom Bill Audit:**

- Local, long distance, data, and wireless bills reviewed
- Identify billing errors. Examples include: misapplication of tariff, misapplication of contract, double billing, incorrect application of surcharges, billing for disconnected lines, incorrect tax, non-removal of charges, cramming, slamming, discounts not received or misapplied
- Identify savings opportunities. Examples include: removal of charges, reduction in cost, alternative carrier, removal of minimum charge, removal of make-up charge, discounts, promotions, disconnection of unused lines, consolidation of billing, optimization of usage/features

## **WCI ONGOING AUDIT AND SUPPORT – CONTROL AND MANAGEMENT:**

- Following implementation of cost reductions WCI will audit invoices monthly
- WCI provides ongoing expertise / support / contract oversight
- WCI will provide a monthly report quantifying savings generated

## **REASONS TO HIRE WCI NOW:**

- Hiring WCI requires no funding, very little time, no capital outlay, and no risk
- WCI is not adding to your project list – it's taking away from your project list. WCI does all the work and you simply enjoy the significant return of savings
- National scope – WCI works with clients nationwide

## **HOW WCI IS COMPENSATED:**

There is no charge for WCI's analysis and recommendations. WCI is compensated only when we produce a direct refund, credit or savings in your waste disposal, utility, and/or telecom expenses.
